

# 10-Inch 250mm Industrial Ventilation Axial Fan with 5m Flexible Duct

## Description:

Introducing the 10-inch 250mm Industrial Ventilation Axial Fan with 5m Flexible Duct, a robust and efficient solution for maintaining optimal air quality in industrial settings. This high-performance blower fan, imported and distributed by Lystus Technical, is engineered to provide reliable and powerful ventilation in various environments, including workshops, welding booths, factories, laboratories, and roof spaces.

With its sturdy welded steel construction, this industrial blower fan ensures durability and longevity even in demanding conditions. The flared end design facilitates easy attachment of the included 5m flexible PVC ducting, making it ideal for dust and fume extraction. The fan's balanced carrying handle, guarded on/off switch, and anti-vibration rubber feet add to its practicality and ease of use, ensuring smooth operation and effortless transportation.

Whether you need to extract dust, fumes, or other airborne contaminants, this 10-inch ventilation fan offers the performance and flexibility required to keep your workspace safe and comfortable.

## Key Features:

- **Durable Construction:** Robust welded steel construction ensures long-lasting performance in industrial environments.
- **High Air Delivery:** Fan speed up to 2800 rpm and maximum air delivery of 1500 m<sup>3</sup>/h for efficient ventilation.
- **Easy Duct Attachment:** Flared end design allows quick and secure attachment of ducting.
- **Portable Design:** Balanced carrying handle and anti-vibration rubber feet for easy transportation

and stable operation.

- Safety Features: Guarded on/off switch for added safety during operation.
- Flexible PVC Ducting: 5m ducting made of hard-wearing, flame-retardant vinyl woven polyester, reinforced with toughened rings.
- Versatile Use: Can be used on either side of the fan, making it adaptable to various industrial applications.

## **Technical Specifications:**

Product: Blower fan with flexible duct

Fan Diameter: 250 mm (10 inch)

Fan Speed (Max): 2800 rpm

Max Air Delivery: 1500 m<sup>3</sup>/h

Static Pressure: 245 Pa

Noise Level: 65 dBA

Voltage: 220 V

Power: 320 W

Package Size: 38 x 29 x 33 cm

Gross Weight: 11.58 kg

Flexible PVC Ducting:

Diameter: 250 mm (10 inch)

Expanded Length: 5 m (16.41 ft)

## **Package Contents:**

1 x Industrial Blower Fan

1 x 5m PVC Ducting
